

- 1 An alternative form of the unit of resistance, the ohm ( $\Omega$ ), is  $\text{V A}^{-1}$ .

Which of the following examples shows a similar correct alternative form of unit?

	Unit	Alternative form
A	Pascal (Pa)	$\text{N m}^2$
B	Coulomb (C)	$\text{A s}$
C	Watt (W)	$\text{J s}$
D	Volt (V)	$\text{J C}$
