

- 5 A book of weight W is at rest on a table. A student attempts to state Newton's third law by saying that 'action equals reaction'.

If the weight of the book is the 'action' force, what is the 'reaction' force?

- A The force W acting downwards on the Earth from the table.
- B The force W acting upwards on the book from the table.
- C The force W acting upwards on the Earth from the book.
- D The force W acting upwards on the table from the floor.
