

29 X-rays are emitted from a particular X-ray tube with the spectrum P.

What is the possible change that can be made to obtain spectrum Q?

- A** use a different target metal
- B** increase the distance between the cathode and the target
- C** decrease the potential difference between the cathode and target
- D** decrease the filament current of the cathode

30 In an atom, an electron is moving with a speed of $2.0 \times 10^6 \text{ m s}^{-1}$ with an uncertainty
