29	**A** Let R be the nucleus formed after the first stage decay. $^{A}_{Z}\mathrm{P} \rightarrow {}^{A}_{Z+1}\mathrm{R} + {}^{0}_{-1}e$ ${}^{A}_{Z+1}\mathrm{R} \rightarrow {}^{A}_{Z+1}\mathrm{Q} + \gamma$ Number of neutrons in nucleus $\mathrm{Q} = A - (Z+1) = A - Z - 1$
30	**B**
