23	**Answer: B**

$$R_X = \frac{\rho L}{A}$$

$$R_Y = R_X$$

$$\frac{\rho_Y (2L)}{A_Y} = \frac{\rho L}{A}$$

$$\frac{\rho_Y}{A_Y} = \frac{\rho}{2A}$$

$\frac{\rho_Y}{A_Y}$ for option A: $\frac{\rho}{A}$

$\frac{\rho_Y}{A_Y}$ for option B: $\frac{\rho}{2A}$

$\frac{\rho_Y}{A_Y}$ for option C: $\frac{2\rho}{A}$

$\frac{\rho_Y}{A_Y}$ for option D: $\frac{2\rho}{A}$
