

2

Ans: D

$$x = \lambda D / a$$

$$\lambda = x a / D$$

$$\begin{aligned}\Delta\lambda / \lambda &= \Delta x / x + \Delta a / a + \Delta D / D \\ &= 0.1 / 1.7 + 4 / 100 + 0.002 / 2.000 \\ &= 0.10 = 10\%\end{aligned}$$

3

Ans: A
