

$$= 24 \text{ m}$$

21

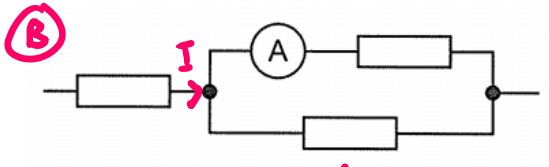

B

A: $I_A = V/R$

B: $I_A = V/3R$

C: $I_A = V/R$

D: $I_A = V/2R$

$$V = I(R + R/2) \rightarrow I = \frac{2V}{3R} \Rightarrow I_A = \frac{I}{2} = \frac{V}{3R}$$

22

A

$V = \mathcal{E} - Ir$
