

20 A new rechargeable battery has the marking “ 500 mA h ” printed on it. Which of the following is correct with regards to the battery?

A The e.m.f. of the battery is 500 V.

- B** The current from the battery is always 0.5 A.
- C** The energy stored in the battery is 1800 J.
- D** The charge stored in the battery is 1800 C.
- D** $Q = It = (500/1000)(3600) = 1800 \text{ C}$

21 In the circuit below, R is a potentiometer of total resistance 10 Ω and Q is a fixed
