

- 27 Which option shows the change in velocity, frequency and wavelength of an electromagnetic wave as it travels from an optically less dense to an optically denser medium?

	velocity	frequency	wavelength
A	decreases	unchanged	decreases
B	increases	unchanged	increases
C	decreases	decreases	unchanged
D	increases	increases	unchanged

A

- 28 In an experimental setup, a beam of accelerated electrons strikes an extremely thin
