

2.

Ans: B

$$\begin{aligned}
 & \frac{\text{distance travelled between 0 to 20 s}}{\text{distance travelled between 5 to 15 s}} \\
 &= \frac{\text{distance travelled between 0 to 10 s}}{\text{distance travelled between 5 to 10 s}} \\
 &= \frac{\text{area under v-t graph from 0 to 10 s}}{\text{area under v-t graph from 5 to 10 s}} \\
 &= \frac{1}{0.75} \\
 &= 1.3
 \end{aligned}$$
