

Q21 Ans: A

$$F_{AB} = (0.50)(1.0)(0.20) \sin(30^\circ) = 0.050 \text{ N into the paper}$$

$$F_{BC} = (0.50)(1.0)(0.20) \sin(0^\circ) = 0 \text{ N}$$

$$F_{CD} = (0.50)(1.0)(0.20) \sin(90^\circ) = 0.10 \text{ N out of the paper}$$

$$\text{Net force} = 0.10 - 0.050 = 0.050 \text{ N out of the paper}$$
